**Schoner-Set**  
NEMO BOARDS X BROTECTION  
Sizes: S & M

## FOAM and CORK SOFTGRIP® with happy designs

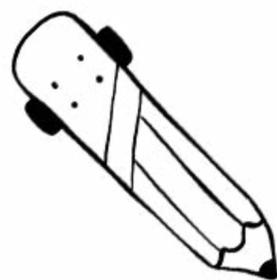

Shapes and setups of all NEMO BOARDS® are perfectly tailored to small skaters.

Instead of regular griptape, foam or cork Softgrip® is used. Softgrip® not only protects the knees and feet of little skateboarders, but also their clothes.

The designs of the NEMO BOARDS® are child-friendly and suitable for girls AND boys.

# More quality time and better skateboards for kids!

## Our Story

NEMO BOARDS® started as a project by Nemo and Motte - NE & MO, NEMO.

**Nemo** has been skating since he was a child. He takes care of the selection of the components and optimizes the riding characteristics of the NEMO BOARDS® together with his 3 daughters.

**Motte** is an illustrator and loves to come up with new skateboard designs that make kids and parents happy!
