Poeticcollective welcomes Daniel Panneman

We are happy to welcome Daniel to the team. Hailing from Germany and well known across Europe for his love of industrial spots, his dog Jusepe and his big pop Daniel is a staple in the Berlin scen both on his board and through his work with Place mag. Together with Daniel we have developed a new board shape featuring a square shape nose / tail and high concave.

This shape is exclusively available on the Daniel x Jusepe board with art work by Clara Vastano.
